

## HOW TO GET YOUR IP FROM VP200

How Deaf who don't have D-Link VP, can find their IP Address from their VP:

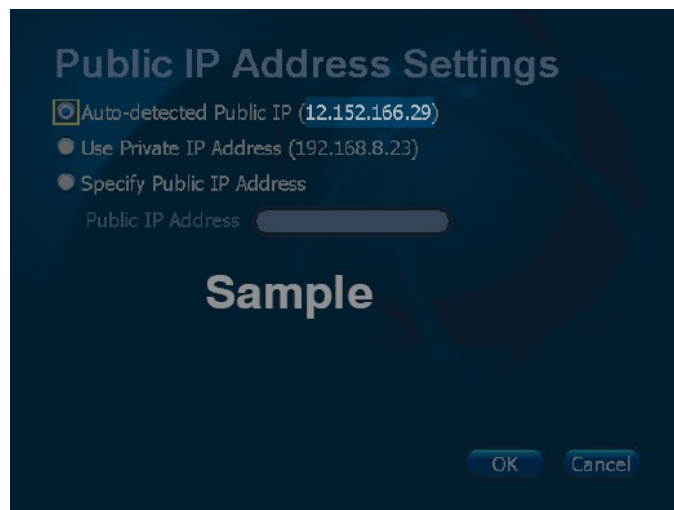

There are 3 box on the right of the screen, Click on Settings

Click on Network, Then click yes

Click on Public IP Address

Then will show Public IP and Private IP Address

Write it down and give it out to whoever that has VP that are D-Link or not the same type of VP you have.
